Here are my answers as Reuben Avellana, Edmonton Ward 1 candidate.

1) Will you introduce a motion (or support one tabled by a colleague) to scan and post council expense receipts online? (Just as the province does for MLA expenses)

Yes.

2) Will you protect taxpayers from additional financial risk and excessive costs by introducing a motion (or support one tabled by a colleague) to place new city employees in a less costly pension plan? (Defined contribution)

Yes

3) Will you vote to freeze or reduce city employee salaries – just as many employees in Edmonton's business sector received during the recession?

Yes

4) Will you introduce a motion (or support one tabled by a colleague) to cap property tax increases at inflation? (Statistics Canada's CPI for Edmonton)

Yes. In fact, I'd go one step further and to have them frozen for a period.

5) Will you support a motion to halt spending on public art until the city's unemployment rate is below the national average?

No. However I am saying this because I still will support that 1% of a public construction budget be spent on art, I will not be supporting new art projects or any art outside of the 1% rule.

6) Do you support reviewing city services and exploring activities that could be contracted out to save taxpayers money?

:

Yes

7) Will you proactively disclose a list of those who contributed over \$250 to your campaign (and the amount) prior to the October 16 vote?

Yes. I am my only donor as my campaign is completely self funded and I am refusing any and all donations.

Thanks again
