

## Stop Partisan Advertising with Taxpayers Money

### To the Alberta MLAs:

Alberta's government spends millions of dollars every year promoting its 'Building Alberta' branding campaign. 'Building Alberta' signs cost taxpayers \$3,560 a piece and more than \$1 million in 2013.

We the undersigned call on the Alberta MLAs to pass a '*Non-Partisan Government Advertising Act*' to require that any government advertising must be approved by the Auditor General to ensure that they do not contain partisan messages.
