

Petition: Alberta Balance the Budget

To Alberta Premier Jason Kenney:

The Alberta government has been overspending for more than a decade and spends thousands of dollars more per person than other comparable provinces.

Because of the government's frivolous expenses, Albertans have had to pay higher taxes and are now saddled with a large debt tab. We need politicians who recognize that it was overspending that got the government into this fiscal mess and are willing to cut spending to get the government out of this mess.

We the undersigned call on the Alberta government to balance the budget by cutting spending.
