

Petition: Take on Unfair Equalization

To Alberta Premier Jason Kenney:

Through equalization, Albertans are forced to subsidize governments that oppose development and that makes it harder for us to get jobs, grow our economy and pay for our own services.

Quebec's premier has continued to say that there is no social acceptability for other oil pipelines in his province, but he is happy to collect equalization money from Albertans.

That's not fair.

We the undersigned call on you to do everything in your power to take on the unfair equalization program.
