

July 18, 2017

Mr. Colin Craig

Dear Mr. Craig,

Subject: Request for Information under the *Right to Information and Protection of Privacy Act*

I am writing regarding your request under the *Right to Information and Protection of Privacy Act* received on June 19, 2017 regarding:

Please provide documentation on any reports or analysis on demographic shifts (aging population) in New Brunswick occurring in the future and how that relates to future revenues, expenditures and debt levels. Note: The Federal government produces a "Fiscal Sustainability Report" each year that looks at long-term revenue and expenditure forecasts and projected fiscal gaps (primarily due to an aging population). That's the type of report or material that I'm looking for, but from the province's perspective.

Attached are the documents you have requested and links to publicly available documents.

Please do not hesitate to contact Carole Beaulieu, *Right to Information and Protection of Privacy Act* Coordinator at 453-8010 or Carole.Beaulieu@gnb.ca if you have any questions.

Sincerely,

Cathy Rogers

Encl.

All of these documents make mention of population growth or aging population and are available online.
