

Presentation for the Minister's Council on Municipal Sustainability
February 24, 2011

ALBERTA'S

Empowering
municipalities with
new municipal
revenue sources.

Review of Draft #2

- Presented to Minister's Council August 30, 2006
- Acceptance of three models
- Acceptance of nine "measures" or "principles"
- Removal of two revenue options from all three models
- Addition of two other revenue options for all three models
- Addition of an Implications Table

This page covered under Sections 22(1) and 24(1)(a)(b)&(c)

Implications Table

- Not a listing of all possible implications
- Taken from the perspective of the own source model.
- Acknowledges concern of tax increase vs. provincial revenue decreases
- Notes administrative options or concerns (provincial vs. local collection)

Summary Tables

- 3 Models
 - Revenue Sharing (provincial)
 - Own Source (municipal)
 - Own Source Regional Pooling
- 15 Revenue Options
- 9 Measures
 - Economic measures only
 - Application of measures to determine primary revenue options

Decisions Required from the Minister's Council

1. Are there more than the twelve revenue options that the Minister's Council would like to pursue? (Should any be eliminated?)
