Hi Scott,

Thank you for including me in your survey. Here are the answers...

1. Yes, I would support this, but I do want to point out that it may lead to City Council & City Administration just blindly using the inflation number as their allowable tax hike without trying to find more efficiencies in the future. I would want to exhaust every possible alternative before agreeing to a tax increase.
2. Yes, I would need to review the numbers but the business tax/commercial property tax gap in Calgary @ 4.57 is just way too high. City Council needs to help business out, not throw up obstacles to success.
3. No, I do not. As much as I like NHL hockey, if we are going to fund hockey rinks, I would rather fund them for communities & kids. The City can help out by providing road access, favourable transit scheduling, etc. but if the facility is going to be private, it should be built with private money.
4. Yes, totally support truly independent Auditor General
5. Yes, I will disclose prior to October 18.

Thanks again. Please let me know if you have any other questions.

Best Regards,

Shawn Kao

Subject: Candidate Survey

Hello,

Please find attached a short candidate survey from the Canadian Taxpayers Federation. It is only 5 questions and your responses will be communicated via e-mail directly to supporters of the Canadian Taxpayers Federation as well as to the voting public through both a news release and on our website: www.taxpayer.com.

If you could please send back the completed survey by fax or e-mail by October 5th, it would be appreciated.

Sincerely,

Scott Hennig
