Survey Report

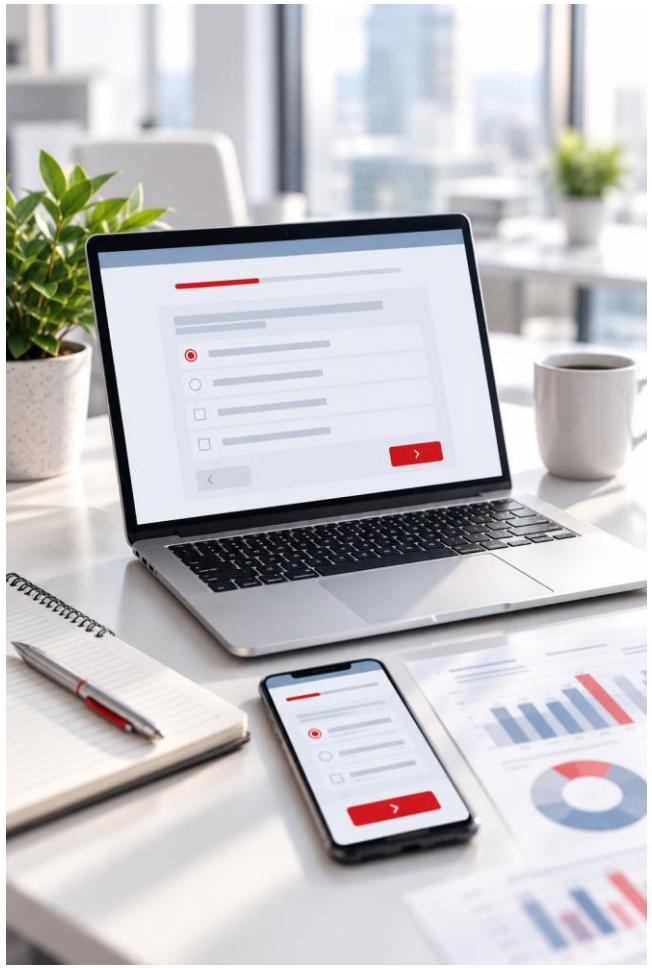

Toronto-Quebec City High Speed Rail Project

National Omnibus

Date: 11 / 02 / 2026
Project: 10019540

Methodology

Method

Online survey via Leger's LEO panel, with n=1532 Canadians aged 18+.

When

The weekly online omnibus was in field from the 30th of October to the 2nd of November 2026, inclusive, using Leger's online panel, LEO.

Margin of error

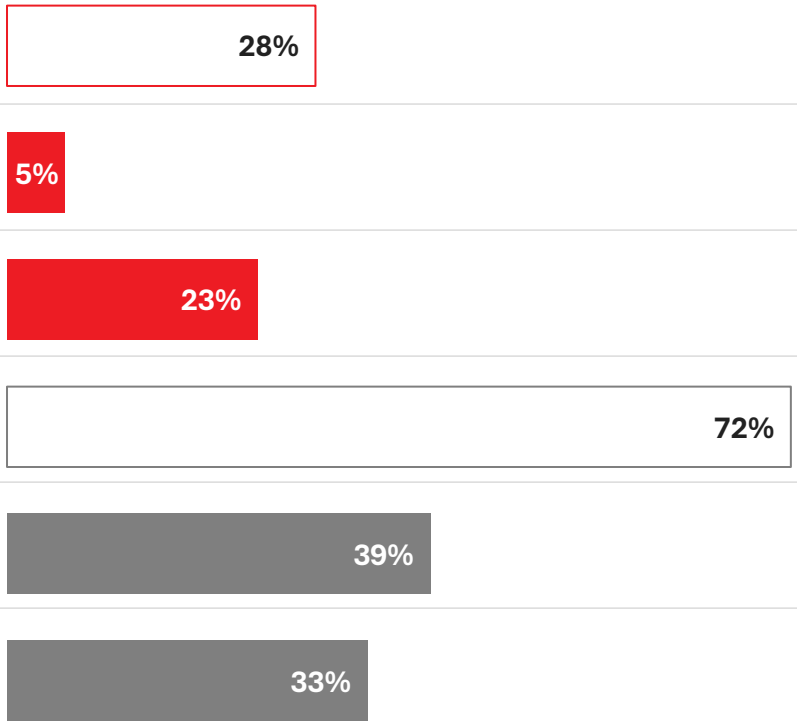

For comparison purposes, a probability sample of this size (n=1532) yields a margin of error no greater than ±2.5%, (19 times out of 20).

Detailed Results

Just over a quarter (28%) of Canadians are confident that the proposed Toronto-Quebec City high speed rail project can be completed within the estimated budget.

In contrast, nearly three-quarters (72%) are not confident the project can be completed within the allotted budget with a third indicating they are not at all confident (33%). Demographically, men, Canadians aged 55 and over, and those born in Canada (vs their counterparts) are more likely than their respective counterparts to express a lack of confidence.
