Total Annual Pension Payments:

\$3,395,251

Total Cumulative Pension Payments to age 75 (estimate):

\$77,481,601

Total Severance Payments:

\$2,579,067

Notes:

In most cases severance payment is a lump sum equal to 50% of the total sessional allowance plus any additional salary.

Pension is based on five best years salary-wise multiplied by total accrual based on time served.

A member who is over 55 is not eligible for a severance as he/she will immediately receive a pension.

A member under the age of 55 is eligible for severance even if he/she qualifies for a pension.

*Indexation for inflation is calculated at 2.0 per annum.

**Ed Broadbent's pension is estimated based on the years 1985 to 1989 as NDP Leader.
