## No Cap & Trade Tax in Ontario!

To the Members of the Legislative Assembly of Ontario

Ontarians already pay some of the highest hydro prices in North America, and our energy rates continue to rise every year. We also pay some of the highest gasoline taxes in Canada. Cash-strapped Ontarians cannot afford the planned cap-and-trade tax, which will be a tax on everything, and will drive business out of our province.

**We, the undersigned, demand that the Ontario government abandon their plans for a cap-and-trade carbon tax.**
