

Petition

Stop Taxpayer Funded Propaganda by Caucus Services

To Members of the Legislative Assembly of Ontario:

Political parties should never use tax dollars to self promote or advertise, yet the rules of the legislature give blackbox funding to "caucus services" with loose rules that allow for partisan advertising with tax dollars.

Ontario has more important priorities than spending taxpayer money on government propaganda.

We the undersigned, call on the government of Ontario to amend the Legislature of Ontario Act to limit the use of taxpayer funds at caucus services to prevent partisan advertising.
