1. I am in favor of limiting annual tax increases to Edmontons inflection rate.
2. I am NOT in favor of spending city tax dollars on the Expo 2017
3. I am in favor of investigating all possible ways to gain funding for the development of a downtown arena and surrounding area: ideally, little or no city funds would be used.
4. Undecided.
5. I have no reservations about proactively disclosing my campaign finances once they are solidified.
6. I am in favor of plebiscites i regards to any project that would have major impact on Edmonton ex. the closure of Edmonton City Centre Airport. I am opposed to the closure of ECCA.

Hello,

Please find attached a candidate survey from the Canadian Taxpayers Federation. It is only 6 questions and your responses will be communicated via e-mail directly to supporters of the Canadian Taxpayers Federation as well as to the voting public through both a news release and on our website: [www.taxpayer.com](http://www.taxpayer.com).

If you could please send back the completed survey by email or fax by October 5<sup>th</sup>, it would be appreciated.

Sincerely,

Scott Hennig
