

CRIC Research Disclosure: Inshtrix Research Inc. (Inshtrix) is a member of the Canadian Research Insights Council (CRIC) and confirms that this research fully complies with all CRIC Standards including the CRIC Public Opinion Research Standards and Disclosure Requirements (<https://www.canadianresearchinsightscouncil.ca/wp-content/uploads/2019/09/CRIC-Public-Opinion-Research-Standards-and-Disclosure-Requirements-1.pdf>)

Basic Disclosure Elements	Details
Research sponsor	Inshtrix
Research/Data collection supplier	Inshtrix
Population represented	Adults in Saskatchewan
Sample size	n=813
Mode of data collection	Online omnibus survey
Source of sample	Inshtrix SaskWatch Research® panel
Respondent compensation	Panel points incentive
Type of sample	Non-probability sample
Start and end dates of data collection	June 9-12, 2026
Margin of sampling error for total sample	As an online non-probability sample, a formal margin of error does not apply; for reference, an approximate margin of error of ±3.5 percentage points, 19 times out of 20 would apply for this sample size.
Are the data weighted?	Yes, the data were weighted by education level to align with the 2021 Canadian Census. In addition, quotas for region, age, and gender were established to reflect the 2021 Canadian Census population distribution.
