

A-2025-00180

A total of 374,465 employees were active as of December 31st, 2024.

Of those employees, 146,786 employees have an annual salary of more than \$100,000.

The estimated payroll for employees with an annual salary above \$100,000 is \$18,929,725,559.65.

Notes:

1. Data pertain to employees who were active as of December 31st, 2024.
2. The annual salary reflects the employee's base pay as of December 31st, 2024.
3. Collective agreements affecting rates of pay for 2024 have yet to be negotiated or adjusted in the pay files for some groups, the December snapshot may underestimate the number of employees with an annual salary of \$100,000 or more in 2024 when rates of pay are adjusted retroactively
